CONSTRUCTION / CONSULTING / INNOVATION

WORK PORTFOLIO

Selected residential, building and civil works from the L3 Group project archive.

BUILD BETTER.

From first plans to finished places.

L3 Group connects early planning decisions with practical work on site. Our approach combines construction delivery, consulting support and project coordination so clients have a clearer view of scope, programme and progress from the first conversation through handover.

CONSTRUCTION

New residential and commercial building work, renovations, site preparation, foundations and masonry.

CONSULTING

Practical input on scope, cost considerations, programme and delivery decisions.

COORDINATION

Alignment of people, procurement, information and site activity through the build.

LEADERSHIP

The people behind the work.

L3 Group is guided by a hands-on leadership team focused on clear communication, accountable delivery and practical decision-making from planning through construction.

CONNECTED LEADERSHIP. PRACTICAL DELIVERY.

The portfolio reflects a team-led approach: understand the brief, coordinate the work, keep progress visible and close out with clarity.

Construction services, clearly defined.

From new construction and renovations to planning and site work, L3 Group provides a practical starting point for each project.

01 CONSTRUCTION

Residential and commercial building work.

02 RENOVATIONS

Alterations, refurbishment and finishes.

03 CIVIL / BUILDING WORKS

Site preparation, foundations and masonry.

04 DESIGN / PLANNING

Early brief, feasibility and programme support.

05 CONSTRUCTION CONSULTING

Scope, procurement and delivery guidance.

06 PROJECT COORDINATION

Programme, people and site alignment.

PROJECT 01 / BUILDING WORKS

Multi-unit residential construction.

A selection of site imagery showing multi-storey masonry, structural progress and active building operations across a residential development.

Homes, exteriors & finishing stages.

Residential work represented across completed facades, streetscapes and construction-stage homes.

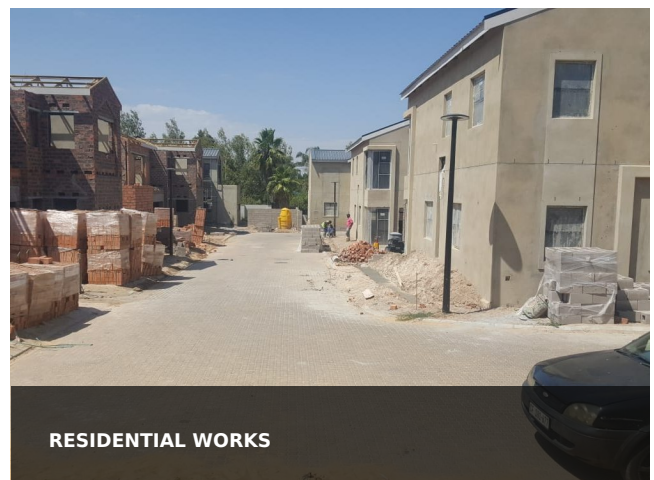

PROJECT 03 / RESIDENTIAL PROGRESS

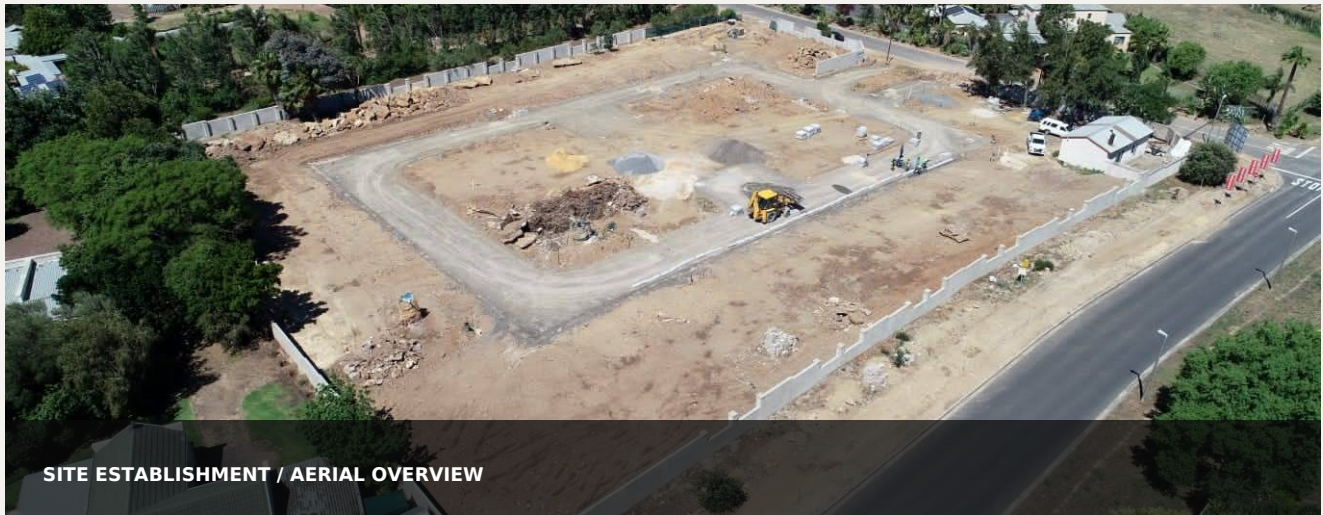

Progress through the built environment.

A sequence of residential imagery showing existing completed units alongside neighbouring work still moving through construction and finishing.

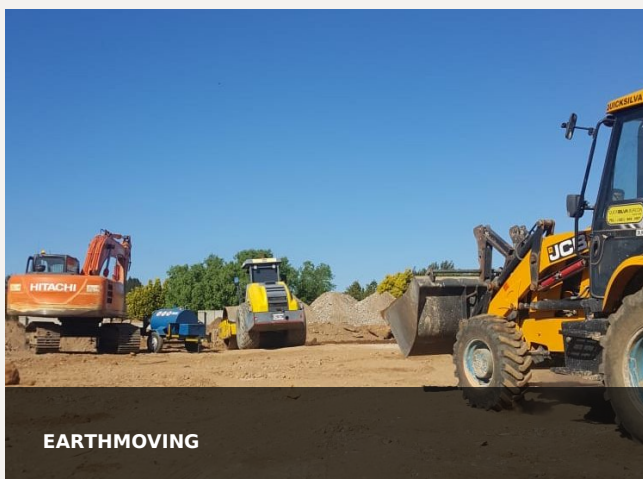

Groundwork & site operations.

Aerial preparation, earthmoving and heavy plant operations from the L3 Group site archive.

SITE ESTABLISHMENT / AERIAL OVERVIEW

EARTHMOVING

EXCAVATION

HOW WE WORK

Clear decisions through handover.

A practical project path keeps responsibilities visible and helps clients understand what happens next.

**01****BRIEF**

Project type, location, stage and ideal timeframe.

**02****FRAME**

Scope, constraints, programme and practical next steps.

**03****COORDINATE**

People, procurement, information and site activities.

**04****DELIVER**

Construction progress with visible coordination.

**05****CLOSE OUT**

Finishing work, records and a useful handover conversation.

CREDENTIALS

Certifications & registrations.

L3 Group credentials and industry registrations as supplied by the company.

CERTIFICATION

SELECTED WORK

Spaces. Structure. Site work.

The portfolio reflects the range of work L3 Group supports - residential construction, building works and civil groundwork.

CLIENT VALUE

Clear scope. Practical programme. Connected delivery. Useful handover.

LET'S TALK ABOUT YOUR NEXT BUILD.

Construction, consulting and project coordination from early planning through handover.
